EDUCATION

M.Tech - Information Systems Security Engineering
National Institute of Technology, Jamshedpur

08/2023 - Present

B.Tech - Computer Science &Engineering
J.k. Institute Of Applied Physics And Technology, University Of Allahabad

08/2016 - 11/2020

PERSONAL PROJECTS

End-to-End Blood Bank Management System
- It aimed to develop a web-based application Bootstrap, Spring Boot, and Angular, with a MySQL database. Implemented user authentication for blood requests and camp registration, connecting blood banks and individuals in need on one platform

Diabetes Prediction Using Machine Learning
- This project aims to predict the onset of diabetes based on certain diagnostic measures using machine learning techniques. We employ the Support Vector Machine (SVM) classifier provided by scikit-learn to build our predictive model.

Literature Survey on Advanced Hill Cipher Hybrid Cryptography Model
- Surveyed six of the proposed mechanisms based on the Advanced Hill Cipher Hybrid Cryptography Model and have a basic comparison study among them.

WORK EXPERIENCE

Assistant Manager
Bharti Airtel Limited

08/2022 - 08/2023   *Gurugram*

Achievements/Tasks
- Managed Microsoft Dynamics 365 (D365) for Consumers, Partners, and Direct Users, overseeing comprehensive B2B solutions. Spearheaded the optimization of B2B processes, resulting in significantly improved operational efficiency and a measurable boost in customer satisfaction.

Assistant Manager
Reliance SMSL Limited

04/2021 - 07/2022   *Gurugram*

Achievements/Tasks
- Delivered exceptional customer service by tailoring solutions to unique requirements. Proactively addressed needs, exceeding service level expectations. Played a key role in resolving issues, fostering positive relationships, and enhancing overall customer satisfaction significantly.
